HONORS ONLINE APPLICATION PROCESS

As mentioned on the Honors website, Honors scholarships will be added to Financial Aid’s online scholarship portal beginning March 21st, until April 8th. Though the online application can be finished in a relatively short amount of time, the Honors essay prompt, personal statement, and required documentation may require more preparation time. For your convenience, please review the information below.

DOCUMENTS TO PREPARE

Before the online application opens, prepare your answers to these essays/prompts in a separate document. When the online application is available, please copy and paste the answers and/or upload documents in the appropriate spaces.

FAQ

QUALIFICATIONS
1. I am an international student. Will I still qualify for scholarships?
   Yes. There is only one scholarship that requires the student to be a U.S. citizen.

2. I am doing research through a 199 or outside of UCLA. Does that mean I can qualify for the research scholarships (Rose Gilbert, Weber, Waingrow)?
   The research scholarships are specifically intended for students who have applied to, and have been accepted to a Dept. Honors program, which is a year-long senior thesis.

3. I intend on doing a dept. thesis though I am not ‘officially’ in the program yet. Shall I check the box? How shall I go about getting the dept. confirmation? If you are not yet enrolled in the program due to differing deadlines, you may answer the question and upload a document that states your intention to enroll, but that confirmation from the dept comes later. Please email the scholarships coordinator at jsandel@college.ucla.edu for any other concerns related to this matter.

SUBMISSION
4. When is the due date? How do I turn in my application?
   The due date is **Friday, April 3, 11:59 pm**. Please make sure you have answered the Honors prompt, as well as submitted all documentation required, depending on your eligibility for specific scholarships.

5. When will I know the status of my application?
   You will be notified around **Friday, May 15th**

JUDGING CRITERIA
6. What is the judging criteria for the essay?
   An essay will be evaluated on its content, clarity, demonstration of critical thinking, creativity, and style. An excellent essay will provide insightful information and mature style, present a clear analysis of, or response to the essay question, elaborate that response with well-chosen examples and persuasive reasoning, and present ideas in a creative manner, or provide creative ideas to support its persuasive reasoning.

7. What is the judging criteria for the infographic?
   An infographic will be evaluated on its content, clarity, demonstration of critical thinking, creativity, and style. An excellent infographic will provide clear and well organized information with visually appealing graphics and/or illustrations. It will tell a compelling story and convey information that is easy to digest and presented in an interesting way.
Layout and design are attractive and well thought out (e.g., page content is well balanced; color scheme, pictures, backgrounds, etc. enhance the content). Text should also be easy and enjoyable to read, and should be free from punctuation errors. If applicable, crediting data properly on an infographic is vital, not only to provide proper attribution but also to establish your infographic as a reliable and authoritative source for the information that you are presenting.

8. What is the judging criteria for the video?
The video will be evaluated on its content, clarity, demonstration of critical thinking, creativity, and style. An excellent video will provide compelling and clear content with cinematography, pictures, graphics, sound, and/or a combination of all the elements. Footage should be organized and edited in a clear, comprehensible way, and allow for adequate pacing for audiences to digest the information. Sound should also be clear enough and appropriate in terms of loudness, for audiences to comprehend the material. Please note that although good production quality helps, the main focus will be towards the content of the piece.
